

The quality and craftsmanship of a Lindal cedar home are unique and can't be duplicated by cutting corners.

Our commitment to the finest materials and workmanship, together with our 70 years of experience in the design and crafting of custom homes, assure you of real value for your money. Why Settle for anything less than the custom luxury of a Lindal cedar original when there's one for every lifestyle, every building site and—best of all—every budget.

Make Yourself at Home

For seven decades, we've felt great pride and enthusiasm in the fact that Lindal Cedar Homes is able to bring together families and their dream homes. One of the most solid investments you can make is in a Lindal home. Hundreds of examples of pre-designed floor plans can be found in one of our four planbooks or you can work with our design professionals to create a completely custom home. Our planbooks are available by mail or, if you prefer, you can view them electronically for free by registering at Lindal.com.

- **Turkel Design Plan Library:** 66 page planning book. Striking a balance between change and tradition, 11 distinctly modern designs are featured in this book.
- **Living Dreams:** 272 page hardcover planning book brimming with over 90 of our most popular classic floor plans.
- **Lindal Architects Collaborative Design Portfolio:** 158 page design portfolio with 33 diverse floor plans from 8 renowned North American architectural firms.
- **Lindal Elements Design Portfolio:** 81 pages featuring 25 home plans. The Elements system can be used to create an infinite array of individualized home designs.

To find a local independent representative, purchase a planning book, register for a live webinar, or learn more about the caring service of our worldwide network of dealers go to lindal.com or call 1.888.4LINDAL.

Services provided by your Lindal dealer

- Assistance from start to finish; your local dealer fills an important role that's missing from many homebuilding projects, from helping design your home through construction
- Guide the selection process of a general contractor. Some dealers may offer construction services, but you are free to engage the builder of your choice
- Can facilitate the permitting process
- Being available to you to assist with questions and make sure everything goes smoothly
- Services may vary, see your local independent dealer for details
